If you need entertainment for a golf event, then have Karsten Maas to come and perform with his Trick Golf Show. That is world class entertainment ! The Trick Golf show is filled with humor and exciting golf shots. In the Show Karsten Maas hits balls with different golf clubs, some normale but others more or less insane.

One is a wooden shoe, another a hose pipe, clubs with one - two - three and even four clubheads. There are also short and long clubs in the show, from 30 cm to the World Record club at 4 meters and 9 cm.

The show wich is perfect as entertainment for all events where golf is the keyword. That could be tournaments, aniversaries, corporate days, junior events, golf shows and many other kind of golf events.

For more details, and videos have a look at his webpage:

To those who are considering booking a Golf Trick Shot Artist event at your club.

I recently had the pleasure to have Karsten Maas "Great Dane" perform for our U.S military facility, Rheinblick Golf Club in Wiesbaden Germany. Karsten put on a Professional Show for us filled with humor and fantastic golf trick shots. Karsten is definitely one of the best you will find in the industry.

Set up couldn't have been any easier, Karsten came with all of the necessary equipment all I had to supply was the balls.

Sincerely,
Mark Smith
